French group... international presence

NGE continues to expand internationally by working as closely as possible with its customers to meet their needs from permanent operating locations and by undertaking major infrastructure projects:

- the Nachtigal hydroelectric plant project in Cameroon
- the funding, design and upgrade of the Ferrocarril Central rail infrastructure project in Uruguay
- the Crossrail project in London, United Kingdom
- Green line on the Egyptian High-Speed network
- construction and maintenance of lines 1 and 2 of the Panama City metro
- construction of the International Counter-Terrorism Academy in Côte d'Ivoire
- rail works on the Maya Train, Mexico
- fiber optics and civil engineering works in Morocco
- riverbank development in Peru
- etc.

Your Multi-expertise partner

NGE is an independent French group with an international presence. Its ongoing expansion is driven by its ability to offer a comprehensive package of services, from funding to the design, construction and maintenance of all types of infrastructure.

INCLUSION / TRAINING / JOBS

NGE always recruits locally to consolidate its local presence and deliver on its commitment to skills transfer. Our in-house PLATE FORME training college and dedicated training centres design bespoke training programmes for every project.

PLATE FORME

SAFETY

We make every day a Safety Day. Protecting the health and safety of every employee is an uncompromising everyday requirement throughout the company.

PROJECT FUNDING

NGE is able to act as a true industrial and financial integrator by providing funding for public-private partnerships spanning concessions, public service outsourcing and partnership contracts.

Water towers - Ivory Coast

Nachtigal hydroelectric development - Cameroon

Ferrocarril Central - Uruguay

Crossrail (Elizabeth Line) - UK

Development of the Tanger MED industrial port complex - Morocco

Maya Train - Mexico

High-speed line - Egypt

Subway line, Ontario Line - Canada

Construction of five water treatment plants - Senegal

Construction and maintenance of the Panama City metro (Lines 1 and 2) and their extensions - Panama

Construction of the Grande Chaloupe viaduct for the Nouvelle Route du Littoral coast road - La Réunion

CSR

Our CSR goals are focused on addressing the societal challenges posed by our activities more effectively, delivering even higher quality of work for our customers, and growing NGE in ways that respect the world we share.

GENDER DIVERSITY

► **225** WOMEN IN OPERATIONAL LEADERSHIP ROLES
+42% VS 2022

GREENHOUSE GAS EMISSIONS

► NGE IS COMMITTED TO **REDUCING THEM BY 4% PER YEAR** (SCOPES 1 & 2)

€142 MILLION INVESTED

IN MORE EFFICIENT, LESS POLLUTING PLANT & MACHINERY IN 2023

INNOVATION

Innovation and R&D are central to NGE strategy and development; so much so, in fact, that 30% of its annual revenue is now contributed by areas of expertise that did not exist in the Group five years ago.

ABOUT NGE GROUP

New Generations of Entrepreneurs – the fourth largest construction group in France, builds major infrastructures and urban or local projects. With its expertise in financing, design, construction, and maintenance, the Group is a key player in delivering infrastructures that address the economic and ecological challenges of the territories. Its entrepreneurial drive is supported by a strong employee ownership structure (the founders, management, and employees hold 72% of the Group's capital) reinforced by Montefiore Investment, a leading French investment firm (28% of the capital). With a turnover of 4 billion euros, NGE operates in 17 countries, supporting private and public clients in financing, designing, and building their transition projects in water, mobility, urban renovation, energy, and telecommunications. NGE's 23,000 employees are proud to contribute to building infrastructures that change the world.
