25 September 2019

PARIS - TSO, ALSTOM AND TERIDEAL WIN THE €30 MILLION CONSTRUCTION CONTRACT FOR THE NEW T12 EXPRESS TRAM-TRAIN LINE

TRANSAMO, the authority delegated by Île-de-France Mobilités, has just awarded the contract to build the new T12 Express Tram-Train line that will serve 12 towns in the Paris region of Essonne between Massy and Evry-Courcouronnes to the consortium of TSO (lead contractor), Alstom and Terideal.

The 36-month contract requires the construction of 10 km of new tramway track. The project will involve the installation of:

- 19 km of new track
- 11 points and crossovers
- 24 expansion joints
- 21,000 m² of stone track bed
- 59,000 m² of plant cover with integrated watering system

ABOUT TSO: Building on 95 years of experience in France and internationally, TSO puts its expertise to work on rail infrastructures and systems (rail network construction, replacement and maintenance, electrification and catenary upgrading, topography and rail software development, rail safety, etc.). In its commitment to innovation, TSO focuses its research on delivering improvements that combine quality with service efficiency and personnel safety. The development of synergies between TSO specialist sectors and the complementary disciplines of NGE allows the Group to offer a comprehensive package of products and services to its markets.
